

## PRESS PLAY ON SAFETY CONVERSATIONS

When we have safety conversations, it changes the way we think about safety.

**Ask** questions, **listen**, and **act**. With health systems under strain, it's more important now than ever. We can help you carry on the conversation with resources and opportunities.

**This Canadian Patient Safety Week,  
and every week, press play on safety  
conversations at [SafetyConversations.ca](https://SafetyConversations.ca).**
